Requirements

For general information on the competency assessment, click [here](#)

1. Applying entities must be organizations (not individuals).
2. Health navigators must be **currently employed** by a healthcare organization, local public health agency, Regional Accountable Entity (RAE), etc.
3. Navigators must be prepared to complete the competency assessment on May 21st at the [Center for Advancing Professional Excellence](#) (CAPE) or on another date (to be determined) depending on the demand generated through this scholarship opportunity.

Note: any additional sessions will be scheduled before **June 29, 2019**.

4. Health navigators eligible to take the competency assessment are those who successfully completed a [recognized training program](#) in October 2018 or after. If navigators don't qualify based on this requirement, they might be eligible for a waiver if they:

- A. Completed a CDPHE-funded training program between June 2015 and June 2018
- B. Demonstrate approximately 4,000 hours of experience as a lay navigator

For more information on the waivers or to download the forms, visit the [training waivers](#) website. We request waiver forms based on experience to be attached to this application.

Exclusions: Licensed providers and navigators funded through the Cancer, Cardiovascular, and Chronic Pulmonary Disease Grants Program.

Application Questions

1. Amount requested and number of navigators who may benefit from the scholarship (current fee is \$363)
2. Current funding source for your navigator(s) (e.g. grant, general/operations budget, etc.) and why you are requesting financial assistance
3. Reasons or motivation to get on the Colorado Health Navigator Registry!

Please return the application no later than **March 14, 2019** and e-mail to renzo.amaya@state.co.us
