

JOIN OUR TEAM AS A COMMUNITY NAVIGATOR!

Make a Difference in Public Health in West Denver

We are hiring Community Navigators to join our Mountain West Hub project in West Denver. This study helps communities stay healthy in the face of air quality challenges by testing the effectiveness of Do-It-Yourself air cleaners.

Role Details:

Compensation: Between \$1000-\$2000/month

Time Commitment: Between 10-20 hrs/week

Responsibilities include:

- Recruiting and enrolling participants
- Driving to participants' homes for visits
- Collecting data: questionnaires, health measurements, and air monitoring
- Educating households on air quality and filter use
- Communicating via phone, email, text, and in-person visits
- Shipping study materials
- Administrative tasks, including onboarding and regular meetings with study team

Who We're Looking For:

- Bilingual Spanish/English preferred
- Comfortable traveling independently
- Access to a dependable, insured vehicle
- Willing to work some evenings/weekends
- Organized and detail-oriented
- Experience with community programs or health services is a plus
- Lived experience in the community is highly valued
- Basic skills in Microsoft Office
- Internet and phone access for project communication

Position will be hired as a consultant through the Trailhead Institute.

How to Apply:

Submit your application to katherine.dickinson@cuanschutz.edu with:

1. Letter of interest (brief description of yourself, relevant experience, why you are interested in the role)
2. Resume

Priority deadline to apply: **March 25, 2026**

Application review to continue until positions are filled.
