

CHWs and Chronic Disease Discussion on Rural Transformation Grant Opportunities

Please join us for an exploration of the Rural Transformation Grant opportunities with representatives from the Alliance of Colorado CHWs PNs & PdS, Patient Navigator and Community Health Worker Training Program, the Colorado Cancer Screening Program, and CPC Community Health.

This meeting will provide an opportunity to:

- Discuss opportunities for collaboration and partnership across organizations.
- Learn more about the funding mechanisms and eligibility requirements.
- Explore potential areas of focus to support community health workers, patient navigation, disease prevention, and disease control efforts.
- Identify ways to build upon existing programs and initiatives to strengthen community-based health promotion and chronic disease prevention efforts.
- Consider potential partnerships that could enhance the impact and sustainability of future grant-funded activities.

We look forward to an engaging discussion and exploring opportunities to work together to improve health outcomes in rural communities.
